

# FullVision

The FullVision is a border-less fixed frame projection screen that enables the entire surface to be used for projection. Modern and low-profile, FullVision is a great choice for any room where the screen should blend into the environment when not in use and deliver the very best in projection when the projector turns on.

## Features

- Available with HD Progressive screen surfaces
- Low-profile installation of only 1-3/16" deep
- Surface easily attaches to the rear of the screen with Velcro®
- Lightweight aluminum frame features rigid design that will not bend
- Easy and completely flush wall installation using mounting brackets hung on two screws
- Option to hang screen with cables from the ceiling
